

Providence Elementary Arrival and Dismissal Procedures

Beginning January 2, 2012, the one lane bridge at South Main Street over Beaver Creek will be closed for extensive construction. Our transportation department received word that the construction may not be completed until August.

As a result of this detour the following will occur:

1. All students riding Providence Elementary buses will be picked up five minutes earlier and dropped off five minutes later.
2. The buses will drop students off at the gym side of the building.
3. The buses will pick students up at the gym side of the building.
4. Parents who pick up or drop off students will do so in the front of the building.

The purpose for the changes to arrival and dismissal procedures is necessary to assure that all students are properly supervised while they are on school property.

If you have any questions, please call the office at Providence Elementary School (717-786-3582). If you have questions directly related to transportation, call 717-786-9743.

Special Note to Parents who drive their children to or from school:

Students will now be picked up and dropped off in the front of the building. All procedures for signing the students out will be the same, but parents are asked to enter the doors by the office to pick up their children at the end of the day.

- When picking up your child at the end of the day, park on the playground or in the lot.
- Enter the lobby and go directly to the cafeteria to wait for the students to be dismissed.
- Students will be called to the cafeteria at 3:45 PM.
