

Dear Solanco Families -

We hope you and your families are healthy!

As you know, Solanco schools are CLOSED March 16-27 based on the most recent declaration by Governor Wolf. We understand the challenges this creates for some children and families. We will continue to provide information and updates through the Solanco webpage at www.solancosd.org.

We have organized a list of online resources that can be utilized by students and families for review and practice of concepts. Please visit the website at <https://solancoelementaryonlineresources.weebly.com/> for links to online resources organized by content area.

Students could keep a log of activities they complete to share with their teacher upon our return to school. Additionally, some online resources are ones that we have used during the school day and require students to log-in. If a student is not sure of their username or password for a specific resource, please email your child's teacher. Teachers' email addresses are available on each school's webpage (or at the links below).

[Bart-Colerain Elementary School](#)

[Clermont Elementary School](#)

[Providence Elementary School](#)

[Quarryville Elementary School](#)

We recognize there are certainly a number of unanswered questions at this time; we will provide updates regarding school operations as they become available.

Thank you for your continued support—stay healthy!
